

Drawings

1. The drawings filed on June 20, 2006 are not of sufficient quality to permit examination, in particular due to the crowding/overlap of some of the reference characters relative to the outlines of the underlying structural elements in some of the drawings (i.e., in Figures 1C, 1D, 1G, 1H, 1I, 2C) and to the unevenness of some of the lines/impermissible black shading in some of the drawings (i.e., Figures 1D, 1F, 1G, 1H, 2C, 5B, 6B, 7B, 8A, 8B). Accordingly, replacement drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to this Office action. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action.

Applicant is given a TWO MONTH time period to submit new drawings in compliance with 37 CFR 1.81. Extensions of time may be obtained under the provisions of 37 CFR 1.136(a). Failure to timely submit replacement drawing sheets will result in ABANDONMENT of the application.
